

A4 STOCK SPECIALITY SPEC SHEET

MULTIPURPOSE (LASER/COPIER/INKJET PRODUCTS)

White Paper with Removable adhesive (REM)

A bright white, multifunction uncoated paper designed for Ink-Jet, Laser, and photocopiers. It is intended as a general purpose grade to satisfy a wide set of application conditions and surfaces.

Face Paper:

A bright white wood-free paper specially selected for its excellent lasering characteristics and its ability to be converted to labels at high speed for large volume laser label designs.

Grammage	65 gsm + or – 3gsm
Caliper (thickness)	75 microns + or – 3 microns

Adhesive:

A high-grab acrylic based removable adhesive, suitable for application to a varied range of surfaces, the peel ability of the adhesive once applied depends on the material being labelled, the surface shape & the temperatures during application & storage. Because of these factors it is always recommended that testing is conducted prior to usage. As it is a soft adhesive it can become more permanent in colder conditions, which should be taken into consideration. Stock removable adhesive is not recommended for plasticised PVC, leather or suede. Adhesion to cardboard and polyethylene is good and removability from polar surfaces e.g. glass is also good, although prolonged exposure to UV will gradually make the adhesive become permanent

Minimum application temp.	-0°C
Storage range once applied	-20°C to +65°C. (And up to 200°C during laser printing).

Backing:

A white wood-free kraft backing paper. Moisture and Heat stabilised for the latest generation high speed laser printers.

Thickness	73 microns
Grammage	74 gsm

Environmental

Paper components are either ECF or TCF grade manufactured using pulp from sustainable, managed resources. All dimensions are nominal target specifications but may vary. All products within our range are manufactured to ISO 9001:2015 and BRC standards, the factory is also PEFC and FSC certified. The raw material laminates are also made to the same ISO standards as above and to ISO 14001.

Markets and Uses

Ideal for temporary labelling of products. Eg. for retail outlet price or offer labels that can be removed from items easily leaving no residue behind. Other uses in Offices or schools for temporary signs, auction houses and removal companies also use for product labelling which can then be removed once sold/delivered.

Retail, Warehousing, Auction Houses, Schools, Office, Removal Companies
